

STUDENT COUNCIL OFFICERS EXPECTATIONS

Every member is expected to have pen and paper with them at all times and be taking notes. You should write down all the dates of the Spirit Days and when they should be announced.

All meetings will start on time. If you are unable to make a meeting please either tell Mrs. Winslow or myself about it.

All representatives shall communicate with their class the following day of the meeting. Each class should have its own Student Council report time. I really want the communication level to be higher than it has ever been before. Please make sure you enforce the suggestion boxes. If one of your classmates has a complaint please tell them to write it down and put it in the box.
